

Graduation honors are awarded to the top 15% of the students in each graduating class, who have at least a 3.65 grade-point average (GPA). Graduation honors are based on a student's work while enrolled in a professional program in the School of Pharmacy and Health Professions at Creighton University. To be eligible for graduation honors, a student must have completed at least half of the prescribed semester hours for the degree in the School while enrolled at Creighton University. The diploma of a student who qualifies for graduation honors is inscribed "with Honors".

Graduations Honors Guidelines

The following guidelines are for implementation of the Graduation Honors Policy approved on 2/22/05:

1. Entry-level students in each program will comprise a separate graduating class.
2. The lowest GPA of a student receiving Graduation Honors when a majority of students graduate (e.g., May for entry-level pharmacy), will establish the floor for Graduation Honors for subsequent graduates within a graduation cycle (e.g., August and December for entry-level pharmacy).
3. A student will not be eligible to receive Graduation Honors if he/she is found guilty of a charge under the codes of conduct described in the University's Student Handbook or the School's Misconduct Policy, and the charge is upheld in the appeal process.
